Hours: 1

Year: 2024

Summary/Description

This IN-STOCK model features a layout option with three staterooms and one head and stall shower.

Features a 2 Cabin, 1 Head configuration with a dedicated workshop.

Following in the wake of her elder sister, the Oceanis 46.1, this 40-foot cruiser, with a new hull design by Marc Lombard, offers unrivaled deck volume and interior space with zero concessions to performance. The Oceanis 40.1 is available in different layouts, drafts, and rig options, adapting to the most demanding sailor's cruising requirements and satisfying their need for comfort and pleasure under sail.

How can you enjoy life at anchor as much as while sailing? With the innovative flared hull design of the Oceanis 40.1, BENETEAU has broken new ground but made no concessions. The result is a hull with true speed potential and stiff under sail. Above the waterline, her deck plan and ultra-spacious interior by Nauta Design is unheard of on a boat this size. You cannot help feeling that you are aboard a 45-foot cruiser!

With a white oak ambiance, the interior styling by Italian designer Nauta is remarkably bright and excels in the skillful arrangement of the living spaces. She has two spacious cabins and a dedicated workshop. The C-shaped galley to the starboard offers abundant storage and a spacious countertop. On the port side is a large salon with a table complete with a removable bench, and a chart table at the foot of the companionway provides ample working space. Everything is modular, so everyone can live how they want and enjoy sailing wherever the wind takes them.

The Oceanis 40.1's philosophy is to make sailing and mooring pleasurable. The cruiser's strengths, studied in detail by the architect Marc Lombard and the BENETEAU design office, are unrivaled interior space, a vast deck plan, and the ability to clock up miles when cruising.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
