## Summary/Description

The Beneteau Swift Trawler 48 advances the BENETEAU Range of practical and seaworthy passagemakers.

The Swift Trawler 48 advances the BENETEAU Range of practical and seaworthy passagemakers. The Andreani design focuses on easy living and circulation that builds on the wealth of Beneteau Trawler DNA and customer feedback. The Swift Trawler 48 is 48'4" long overall with a beam of 14'9" and is now positioned as the largest Swift Trawler in the Range only surpassed by the Grand Trawler as the flagship of the BENETEAU trawler range.

This full range of models from 35' to 62' are designed and built to explore new horizons. Their seaworthiness, incredible living spaces, and comfort have generated a following of 1300+ new builds and hundreds of additional owners in a community of long-distance boaters worldwide. The new Swift Trawler 48 has the size, space, and capability to continue the journey of seasoned cruisers and aspiring cruisers alike.

The generous 20m<sup>2</sup> flybridge floor area gives the space to create a comfortable layout so you can enjoy the panorama of the sea every minute of the day. The backrests on either side of the pilot seat allow plentiful forward-facing seating while making passage. Additionally, the transverse vis-à-vis seating and table area create a great area to eat & relax. This can be further complimented by the optional flybridge T-top with an inset sliding soft-top. Aft, there is a transverse wet bar facing forward, which allows the person cooking or serving drinks to socialize with others relaxing on board. The aft flybridge space allows for sun loungers, paddleboards, or other small water accessories.

The helm station with an adjacent side door leading to the starboard midship cleat & bulwark gate allows for easy docking and circulation. The helm has space provisioned for 2 x 12" Raymarine MFD screens and the Beneteau Ship Control system. In addition, an aft docking camera, stern docking lights, and the optional Cummins integrated joystick system can be specified for a stress-free docking experience. The helm dash top, console, and adjustable pilot seat are finished in dark grey creating a clean area for safe passage making in all light conditions and complimenting the excellent helm visibility.

In the lower accommodation, entering into the forward master cabin reveals a comfortable double berth with room on both sides of the bed for movement. With a headroom of 6'6" and a bed length of 6'6" there is plenty of room for larger occupants. There are overhead lockers & wardrobes, large hull windows with inset portlights & an overhead hatch which floods the cabin with natural light and cross ventilation.

The en-suite bathroom includes a separate shower compartment with a teak-slatted seat. The port guest cabin benefits from a large hull window with inset portlight, stowage, wardrobe, and two single berths with an infill to convert to a double berth. Note this cabin also features an en-suite door to the portside day head - in which you will also find a separate shower compartment with a teak slatted seat. The starboard guest cabin features two portlights, a transverse double berth, and a double-door wardrobe.

The Swift Trawler 48 is provisioned to sleep 6 passengers, with three cabins in the lower accommodation and additional capacity with an easy-to-convert salon dinette with wrap around privacy curtains as standard equipment. Start your journey on the BENETEAU Swift Trawler 48!

Please note price may not include certain options, freight, or commissioning, contact Cape Yachts for full details.

## Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
