Summary/Description

World-renowned, innovative design created to fit your needs.

AB Inflatables 9.5 Lammina AL

World-renowned, innovative design created to fit your needs.

This lightweight, hard-bottomed open tender is perfect for boats with lighter capacity davits. Featuring a tough aluminum hull for weight reduction and durability, this solidly constructed hull provides years of reliable use.

The Lammina AL easily cuts through wakes and chop with a lower horsepower than fiberglass tenders. A full-length rubber keel protector enables you to cruise through unknown areas without worry, and its double-layer floor guarantees a dry deck and a stable ride. The bow locker serves as a convenient boarding step and comfortable seat for guests. You can also use it to store a portable fuel tank where the fuel line passes underneath the floor, leaving the deck free of obstructions.

Please note, engine is not included with purchase but can be added. Please ask us about available engine options. Price may not include commissioning, freight, and certain options.

Dimensions

- Overall length: 9' 6" / 2.90 m
- Overall Beam: 5' 6" / 1.68m
- Inside Length: 6' 11"/2.11 m
- Inside Beam: 2' 6" / 0.76m
