Summary/Description

The most customized Jupiter 31 you will ever find! Completely redone and ready to go! Lift Kept and turn key with a fresh engine service! This boat was completely redone with new fuel tanks, deck, console, rewired, re plumbed, painted etc.

The most customized Jupiter 31 you will ever find! Completely redone and ready to go! Lift Kept and turn key with a fresh engine service!

This boat was completely redone with new fuel tanks, deck, console, rewired, re plumbed, painted etc. This boat is built,wired and plumbed like a custom sport-fish!

Palm Beach Towers fabricated and installed a Hardtop with stand on the console dual station. Heavy Duty piping used thru-out the top and underside is painted in a matte finish to eliminate the glare. All the controls on top are blacked out including throttles, helm, steering wheel, dash, etc and custom fitted cover.

The Hull sides and topsides are painted snow white and a stainless rub rail was installed.

The console is glassed onto the deck and no fasteners exposed. There is a electric head inside, full breaker panel with battery switches located on aft wall of console. There is a sea-chest for the 3 live-wells in the transom and additional plumbing for a fiberglass well in front of the console(not pictured). The current owner has a Frigid rigid cooler in front of the console with removable cushions for the cooler as well as the front casting deck(not pictured). Brand new Gemlux outrigger mounts and carbon fiber outriggers have been added since the profile pictures were done but there are pictures in it at the end of the listing..

Notable Features

- Stripped down to the stringers and redone
