Imported: No
In Stock: Yes

Engines/Generators

Engine 1

Beta
2 cylinder
Inboard
13HP
9.69KW
Fuel: Diesel
Year: 2009

Summary/Description

Winsome was custom built in Mahone Bay, Nova Scotia by Lutwick's Boat Building shop. Centreboard design gives a shoal draft of 3 feet with the board up & 6 feet with it down. She is featured on their web site & is based on a traditional design with a modern fractional rig. Yellow cypress on oak frames, she is built to a high standard with great attention to detail. Powered by a Beta two cylinder diesel. There is a cuddy cabin for storage plus lockers accessed from the cockpit. Delivered new to Georgian Bay & winter stored indoors. Perfect gentleman's day sailor.

Mainsail & furling genoa.

The centreboard is handled from a winch in the cockpit & is 400 pounds of stainless steel.

Deck fittings including the self tailing winches are all bronze.
