Broker Notes: 2020 Marine Survey on file. Inside heated winter stored. Sub-Zero Galley Refrigeration, Bose Sound System in Salon, Spare Propellers. Newer Snap-In Snap-Out Cockpit Carpeting, Bow-Thruster.

The PowerBoat Guide had this to say:

Lots of manufacturers build quality high-end sport cruisers but only a few reach the standards of engineering and finish consistently attained by Tiara. In the 4400 Sovran (called the

4700 Sovran in 2007-08), Tiara delivered a yacht of remarkable luxury and design sophistication. The Sovran's handsome styling is highlighted by her fully integrated hardtop, graceful sheer, and slightly reversed transom. Focusing on comfort and function, the posh, two-stateroom interior of the Sovran offers a luxurious blend of satin-finished teak woodwork, Corian counters, and Ultra-leather seating. The large salon settee seats five and is served by a bird's-eye maple table. Each stateroom has an en suite head. Topsides, an impressive Stidd helm seat can be raised or lowered electrically. An L-lounge is opposite the helm, and fore- and aft-facing seats and a pair of hydraulically operated high/low tables are found in the cockpit. The extended swim platform is large enough to accommodate a dinghy or PWC. Cummins 670hp diesels cruise at 26-28 knots

Accommodations

Manufacture Provided Description

Tiara Yachts is proud to offer another beautifully designed and constructed yacht - the Sovran 4400. A gelcoat outer layer, high-performance tie-coat quadaxial fiberglass, balsa core, epoxy resin, and vacuum bag technology lay the groundwork for a yacht that's unsurpassed in quality and simple quiet elegance. The long, sweeping deck of the 4400 is constructed with a gelcoat outer layer, hand-laid fiberglass and balsa core with vinylester resin. The beautifully crafted, custom-curved composite windshield is seamlessly integrated with the hardtop of the 4400. Behind the composite windshield, the 4400 incorporates a hinged helm console, with full engine instrumentation and an admiral full double-wide helm seat which is adjustable forward to aft, up and down. Intuitive design plus time-tested placement of gauges, throttles, and controls, ensure that being behind the helm is akin to a ride on cloud nine. The aft of the 4400 offers a standard swim platform, extending the 4400 by an extra 52 inches. This extra space provides room for a personal watercraft, an inflatable dinghy, and / or plenty of room for family and friends to enter and exit the water on a diamond patterned non-skid surface. Rear storage space is built-in and accessed through a hydraulically actuated fiberglass hatch. Belowdecks, the 4400 features plush leather seating, Corian countertops, stainless steel sink, abundant storage, and a built-in 22-inch flat screen TV with DVD technology. The lounge features a folding birds eye maple / teak table which converts to berth, increasing sleeping accommodations to six. The master stateroom boasts a queen-size pedestal bed, with spring mattress, and storage below. The second stateroom not only comes with two overlapping, bunk style beds but also a combination washer / dryer. The second stateroom also has it's own access to the head.
