**The PowerBoat Guide had this to say:**

The Cruisers 400 Express (introduced as the 3970 Express in 2003, and called the 420 Express in 2006-10) embodied the conservative styling and spacious accommodations found in most American sport cruisers of her day together with a very roomy cockpit and a choice of interior plans. Built on a modified-V hull with a solid fiberglass bottom, the luxury interior of the 400 Express gets high marks for headroom, storage and finish. In the area aft of the salon, Cruisers offers two different layouts. The standard plan has an aft settee open to the salon, while the optional layout encloses this area behind a bulkhead and door. High-gloss cherry woodwork and decorator furnishings highlight the interior, and both floor-plans incorporate fore and aft heads with stall showers. A wet bar with refrigerator, walk-through windshield, double helm seat, and U-shaped aft lounge are standard in the bi-level cockpit.
