Manufacture Provided Description

The size, power and amenities built into the S 428, deem it the epitome of a legend—with the ability to fish, cruise and entertain in unrivaled style and comfort. Remarkably, not only is the S 428 the largest Pursuit we've ever built, it's also the most powerful and the most spacious. Quad Yamaha 425 XTO engines work in perfect unison, becoming the driving force behind your adventures. With the largest aft cockpit in its class, you can haul in record-breaking catch through either of its hull side doors.

Within this grand footprint, you'll find an abundance of rod holders, three fishboxes, ample tackle storage and bait prep areas, plus extra-large fridge and freezer boxes. There's even an industry-first second row of powered, convertible seats under the oversized hardtop. Because there isn't anyone who won't be begging to tag along for the day.

When it's time to entertain, your crew will have plenty of social zones to choose from, whether it's our multi-function forward lounge seating or the plush aft-facing seat. A spacious and tastefully designed cabin features plenty of light and great views, thanks to the innovative cabin and hull side windows. Trying to decide what to do first. The S 428 sport boat is brimming with amenities so you and your family really can do it all. Whether that's swimming up to the electro-hydraulic hull-side beach platform, fishing from the generous cockpit or getting ready to grill in the well-appointed entertainment center, every detail was designed to go beyond your wildest expectations.
