Please note, due to placement in building for winter vessel is unable to be powered and engine hatch unable to be opened. Please contact listing agent for further details.

The PowerBoat Guide had this to say:

A premium hardtop cruiser with distinctive lines, the Chaparral 330 Signature replaced the company's previous 330 Signature built from 2003-09. Characterized by her sporty styling and luxury- class amenities, the layout of 310 differs from most cruisers her size in that there's no portside bridge deck lounge. Instead, an extra-wide companion seat (with flip-up bolsters) sits next to the helm—a design that eases clutter around the companionway door. Note that a forward hardtop hatch allows standing access through the opening windshield—no banged heads going forward. Standard features include a fiberglass hardtop, cockpit wet bar, power engine compartment hatch, transom shower, transom gate, tilt steering, cockpit table, trim tabs, carry-on cooler, and a power sliding transom seat that converts into a full sun pad. Below deck, the 330's stylish interior sleeps five and includes a mid-cabin privacy door, hardwood flooring, and an L-shaped sofa whose center seatback forms an extension of the berth. Built on a Kevlar reinforced hull, twin 300hp 5.7L MerCruiser I/Os cruise at 25 knots (38-40 knots top).
