Manufacturer Provided Description

Do you love the open layout you get from a traditional deck boat but miss the full windshield of a standard bowrider? With the 191DC, you get the best of both. It has all the interior room and storage space of our very popular 182SC Deck Boat, but incorporates a full windshield to shield your passengers from the wind. Like other STINGRAY models, the 191DC features deep cockpit and bow areas for extra safety and security when underway. STINGRAY deck boats feature outboard power for ease of maintenance and large swim pods flank each side of the engine to make boarding a breeze.
