

LIL MAMMA

35' (10.67m) 2013 Intrepid
Ft. Lauderdale Florida United States

OVERVIEW

Manufacturer: *Intrepid*
Engines: 2 YAMAHA
Engine Model: F300 UCA
Engine HP: 300
Beam: 10' 5"
Max Draft: 3' 0"
Water: 30 G (113.56 L)

Hull Material: Fiberglass
Cruise Speed: Knots
Max Speed: 38.9 Knots
Cabins/Heads: 1 /
Fuel Type: Gas/Petrol
Fuel: 312 G (1181.05 L)

\$179,000

Summary/Description

The 2013 Intrepid 35' is a versatile and high-performance center console boat, ideal for a range of activities such as fishing, cruising, and water sports. This vessel has a Deep-V hull design and a length of 35', with a beam of 10'6".

The 2013 Intrepid 35' is a versatile and high-performance center console boat, ideal for a range of activities such as fishing, cruising, and water sports.

This vessel has a Deep-V hull design and a length of 35', with a beam of 10'6".

Powered by twin Yamaha F300 UCA engines @ 300 Hp each. She travels at a max speed of 38.9 knots.

DESIGN AND CONSTRUCTION

LIL MAMMA, built by Intrepid Powerboats of Tampa Bay, FL in 2013, is a production power-driven vessel tailored primarily for coastal waters.

Her interior features a main cabin, v-berth, galley area, and enclosed head. Constructed with molded fiberglass cabin sole and bright work finishes, it offers accommodations for one person with ample storage. The head includes a Raritan electric flush marine toilet and USCG-approved MSD type 3 sanitary holding and discharge system. The vessel boasts a full galley equipped with a sink, refrigeration, and microwave oven.

In terms of safety, LIL MAMMA is outfitted with all USCG-required equipment for a vessel of her size. Constructed with quality workmanship and marine-grade materials, the hull, deck, and superstructure primarily utilize fiberglass reinforced plastic. Some sections incorporate core material in sandwich construction to ensure strength while minimizing weight.

HULK, DECK, HARDWARE AND GROUND TACKLE

- Hull material: Cored fiberglass Kevlar laminate
- Framing material: Molded fiberglass laminate
- Deck material: Cored fiberglass laminate sound
- Bulkheads: Transverse plywood and bonded
- Hull to deck fastenings: Chemically bonded
- Superstructure material: Cored fiberglass laminate
- Steering controls: Hydraulic
- Sea cocks below the waterline: Bronze ball valves

- Anchor: 1 3/8 x 10'
- Fenders: 3

MACHINERY

- Propulsion: Twin 300 HP Yamaha / Four stroke outboards
- Engine cooling: Raw water cooled
- Engine controls: Single lever electronic
- Propeller: Three blade stainless
- Fuel tank material: Aluminum
- Fuel supply hose: Type A-1
- Fuel vent: Type B-2
- Fuel fill: Port aft weather deck
- Fuel capacity: 312 gallons
- Fuel filter: Spin on water separators

ELECTRICAL, ELECTRONICS AND NAVIGATION

-
- Electrical system: 12VDC & 120VAC
- Shore power system: 30 Amp. 120 VAC
- Batteries: (1) Group 31 AGM load / (2) Group 24 sealed
- Battery cutout electrical switch: Vapor tight operated
- 120 V AC battery charger: Digital MK 300
- Engine alternator: 51 Amp. Output 14.3 VDC
- Fathometer: Furuno
- Compass: Ritchie
- Knotmeter: Through GPS
- Radar: Furuno
- GPS: Dual Furuno

- VHF radio: Icom commander, operated radio
-

PLUMBING, HEAD AND GALLEY

- Plastic fresh water tank
- Fresh water fill: Stbd. side weather deck
- Fresh water capacity: 30 gallons
- Delivery system: Pressure hot and cold
- Bilge pumps: 2 rule 2000
- Type: Auto/electric
- Head toilet: (1) Raritan electric flush
- Holding tank: 20 gal. MSD type 3
- Refrigeration: Isotherm
- Type: 12 Volt DC
- Microwave oven

SAFETY EQUIPMENT

- 13 /3 Life preserves
- Man overboard device: Type 4 cushion
- Orion distress flairs
- Discharge of oil placard
- MARPOL trash placard
- (3) Fire extinguishers located in main cabin and generator compartment

ADDITIONAL EQUIPMENT

- 3/4 Bridge Canvass enclosure
- Electric anchor windless
- ACR remote control spotlight
- Cockpit flood lights
- Outriggers
- Bennett trim tabs

- Furuno autopilot
- Side mount boarding ladder
- Stereo W/ AMP
- AC/ Heating system
- Bow thruster
