Summary/Description

This 2019 Leopard Power Cat 51 stands out as the epitome of its class. Among the last of the 51 PC models produced, it exudes a well-maintained allure and has never been chartered. It has also undergone a thorough 1000-hour service with a complete systems check on the engines and generator.

This 2019 Leopard Power Cat 51 stands out as the epitome of its class. Among the last of the 51 PC models produced, it exudes a well-maintained allure and has never been chartered. It has also undergone a thorough 1000-hour service with a complete systems check on the engines and generator. Mechanically speaking the boat is in pristine condition.

Inside, the three-stateroom, three-head layout (excluding the crew bunk and head accessible via the foredeck) offers comfort and convenience. The master stateroom, extending across the starboard sponson, provides spacious accommodation for extended stays in picturesque locations. The port sponson houses two staterooms, each with an attached head. On the main deck, a generously sized galley and dining area, convertible into a bed for additional sleeping space, awaits. A lower control station for docking and a chart plotting area are also featured.

Outside, numerous spots beckon you to savor your surroundings. Forward, a sun pad and covered seating area provide relaxation options. The aft deck boasts a comfortable seating area with a table for six, an electric dinghy lift doubling as an expansive swim platform at anchor, and ample space for entertainment and leisure. Ascend to the flybridge, and you'll find the helm station, a sizable seating area with a table, an outdoor galley, and another sun pad. The flybridge galley is equipped with a sink, refrigerator, ice maker, and electric grill.

Manufacturer Provided Description

The Leopard 51 Powercat brings with it a multitude of exciting features, including a sleek design, a large forward cockpit, additional lounging areas, an expansive flybridge and a completely redesigned interior upgraded with modern appliances.

Drawing upon the success of previous Leopard powercats, this economically efficient catamaran uses less fuel than other power models. She also incorporates a brilliant ergonomic layout that makes maneuvering around your yacht comfortable and easy.

This yacht also boasts a large and open saloon, a galley with the latest appliances, and a 3 or 4 cabin layout with en-suite heads. The Leopard 51 Powercat combines the best from our sailing fleet with the luxury and ease of a power yacht.
