BE SURE TO REVIEW THE LONG LIST OF RECENT UPGRADES AND THE FULL SPECS

The 35 Mk III was one of C&C Yachts best final efforts (Rob Ball design) and she is superb as a performance oriented cruiser. She is close winded, fast in all conitions and very well mannered - nobody ever said there was a negative to cruising fast and efficiently!

This particular example is one will not disappoint at first viewing or at the time of survey! The interior has beautifully executed woodwork and accommodations.

She is offered as a high quality pedigree vessel with an interior that shows like a much newer boat and we feel represents very good value.
