Category: Cruisers

Condition: Used

Model Year: 1998

LOA: 40' (12.19m)

Knots

Knots

Fuel Type: Gas/Petrol

Hull Material: Fiberglass

Imported: No

Engines/Generators

Summary/Description

The 4085 Avanti was a good example of Bayliner's market prowess—what brokers like to call a lot of boat for the money.

The 4085 Avanti was a good example

of Bayliner's market prowess—what brokers like to call a lot of

boat for the money. Built on a solid fiberglass modified-V hull

with a relatively wide beam, her midcabin floorplan is arranged

with double berths in both staterooms and a convertible U-shaped

lounge and full galley in the salon. Note that each stateroom has

a privacy door (rather than curtains), and the head is fitted with

a separate stall shower. The amidships lounge/stateroom has a

small sofa and partial standing headroom at the entrance. On deck,

there's a double-wide seat at the helm followed by a large circular

settee aft (with a removable table) and a full wet bar to port. The

Avanti's deep swim platform can store a personal watercraft.

Additional features include a gas-assist engine room hatch, sidedumping

exhausts and a reverse arch. Standard 310hp V-drive

MerCruiser inboards cruise at a modest 15-16 knots (about 25

knots top) - PBG

Twin V8 7.4L Mercruisers Gas V-Drives - Westerbeke Generator - Windlass - Air Conditioning - more details coming soon !

Full Details

Dimensions:

LOA: 42'0"

Beam: 13'5"
