Summary/Description

Delivered in February of 2022, this Sea Ray 400 SLX OB is loaded with almost every option offered. The boat has been captain operated and maintained and only spends 6 months a year in the water. The rest of the time, the boat is kept inside a large marine storage facility.

Delivered in February of 2022, this Sea Ray 400 SLX OB is loaded with almost every option offered. The boat has been captain operated and maintained and only spends 6 months a year in the water. The rest of the time, the boat is kept inside a large marine storage facility. She is extremely well maintained, and easy to view. The twin Mercury 600's have only 55 hours on them and have been fully serviced. This boat includes a Sleiption bow thruster, custom watertight exterior storage, a forward polycarbonate cockpit enclosure, SeaKeeper stabilizer, and also has a transferable full Platinum Warranty.
