Accommodations/Walkthrough:

The hydraulic swim platform provides access to and from the dinghy garage.

As you step up to the aft deck, sun worship beckons you to the large king sized sun pad. Teak decks abound and here you'll also find an icemaker for outdoor refreshments.

Wide, teak side decks provide comfortable access the forward deck and an additional large sunpad.

Access to the spotless engine room is provided under the teak deck aft, and in typical Azimut fashion, a small seating area to port of the sunpad provides access to the small crew quarters. This area is currently used for storage, and has been modified to provide an expanded house battery bank, allowing for extended time on the hook without having to fire up a generator.

Step inside to the beautiful main salon, with twin couches to port, and storage for dishes and glassware to starboard. A flat screen TV rises via power from the starboard side.

Forward of the seating area is the large cockpit area, with upgraded 16" Garmin displays, Sea Energy Thruster Control with remote, Raymarine VHF, Garmin Pilot Control, Raymarine Speed and Depth, Engine Monitor and Garmin HD Radar

Step Down from the Salon and you'll find a full sized refrigerator/freezer cleverly hidden behind wood panels, and a pocket door to starboard provides entry to the well laid out galley. Here you'll find a double stainless sink, microwave, flat cooktop, dishwasher, toaster and coffee maker, all surrounded by durable stainless steel countertops and backsplash. Ample storage top and bottom keeps supplies hidden and neat.

Across the hall to port is the guest cabin, featuring 2 single beds, hanging locker and separate temperature controls.

A day head with separate shower sits just forward of the guest cabin.

In the bow you'll step into the luxurious VIP cabin, with nimble configuration of either a queen or 2 single berths, and lots of storage beneath. Hanging lockers adorn each side, and the VIP Cabin sports a large private head with separate shower.

Follow the central hall aft, and hidden to port is an additional refrigerator. Enter the master suite and be amazed! To starboard is a comfortable private dining area for morning coffee or a full meal. The large master berth sits on an angle providing easy access to both sides.

Storage abounds, and a separate dressing area sits aft of the dinette to port.

The master head is larger than most have in their home! Featuring a full sized walk in shower with seating area and rain head shower plus a large glass door. Lots of lighting keeps the area bright, and the large glass sink and vanity top provide a nice touch of elegance.
