Fischer Panda
9 KVA

Summary/Description

In-Stock @ Kenosha, Wisconsin

Manufacturer's Description

The Oceanis 51.1 launches the new generation of Oceanis, with taut lines, a new stepped hull and well-organized deck plan. This 51-foot cruiser is elegant, cleverly designed, incredibly comfortable and fast. She is a joy to sail with friends and offers improved performance.

Designed for a simpler sailing experience, the Oceanis 51.1 is innovative in its choice of rigging and deck fittings. All the halyards and sheets are run aft to the helm station. Safety and comfort come first at the two steering stations.

The strong architectural choices of the Oceanis 51.1 increase the interior space considerably. Spacious and well fitted, the U-shaped galley is a living space in its own right, and is as pleasant under sail as it is at anchor. Continuing this unique idea of comfort into the more private areas, the Oceanis 51.1 has an owner cabin fitted with two storage spaces and has an en-suite shower room with separate toilet. The 1.6 m wide island bed is unheard of on a cruiser this size.

The deck layout of the Oceanis 51.1 is as spacious and incredibly-well organized as the interior, with lots of relaxation areas. The cockpit provides plenty of relaxation space and boasts sunbathing areas on the coachroof. The large aft swim platform offers easy access to the sea for luxurious well-being.
