Over \$175,000 savings on this new Oceanis 51.1

With sleek lines, a new stepped hull and a stylish deck plan, the Oceanis 51.1 is the first of a new generation.

Easy to shorthand, comfortable and smart, she offers more than seven hundred combinations of customizations, ensuring there is an Oceanis 51.1 for every sailor's requirements.

The Oceanis 51.1 is spacious, elegant, cleverly designed, and fast, and successfully revisits the cruising yacht.

One-third of the Oceanis 51.1's hull is now stepped. In addition to the aesthetics of this flared shape, the new hull creates additional interior space, which in turn allows for exciting new layouts below. Her sleek, modern lines will turn heads in every harbor, while her deck and cockpit setup, replete with relaxation and lounging areas, offers a delightful blend of comfort and safety, both at sea and at anchor.

Large portholes suffuse the elegant Nauta Design interior with light, creating a wonderfully warm atmosphere below, and offering incomparable outside views whether you are sitting or standing. An elegant palette of woods and upholsteries guarantee a mirror effect with your tastes and ensure your boat will always feel like home no matter where it is in the world.

The furling mast, self-tailing jib, and all the halyards and sheets on the standard model are all brought back to a single winch at each of the helm stations, making her simple and easy to sail. As for harbor maneuvering, Dock & Go technology simplifies everything.

The architectural choices that stand out on the Oceanis 51.1 are reflected in her habitability and an incredible amount of space. Inside, the owner cabin has an en-suite shower room and toilet, and a 1.6 m wide island bed. A fully-fitted U-shaped galley has many convenient appliances. Truly a space to enjoy together, it is as pleasant to use under sail as it is at anchor.
