- Retractable electric sunshade
- Convertible salon cabin w/ double berth + 76" headroom
- Mercury® Skyhook
- Seakeeper 6
- FLIR Thermal Night Vision
- Transferrable Engine Warranty

With only 13 made, Ocean Alexander's first center-console transcends boundaries by flawlessly merging the comforts of a yacht with the size, swiftness and accessibility of a sport boat. With world-class engineering and luxury finishes, she is an incredible day cruiser, sport fisher, or large tender for your bigger yacht. This feature-filled dayboat has deck seating for 14 guests. The aft cockpit features plenty of areas to lounge, fold-down side bulwarks which expand the width of the boat to 19'1", a fully equipped wet bar, and state-of-the-art entertainment system. When bulwarks are up, guests can board from both sides using the innovative door technology. At the helm, the vessel's triple Llebrec cross-stitched helm seats face a Garmin electronics suite with three large multifunction displays for charts, radar, SiriusXM, sonar, and air conditioning vents. In the cockpit, you'll find everything you'll need for a summer cookout including a Scandvik stainless-steel sink and faucet, two-burner Kenyon cooktop, Kenyon grill, U-Line refrigerator, and a retractable flat-screen TV. A table rises out of the deck between the transom and bench seating to create a perfect al fresco dinette area that can be shaded by a retractable sunshade. The foredeck offers great flexibility, which makes it the ideal place for sunbathing and

relaxation. A sunshade with carbon fiber poles for quick and easy installation provide shade for guests. Here you'll find a curved bow seat with table, an oversize lounge, three bolstered helm seats, cockpit seating and a fold-down transom bench seat. An electric high-low, foldout, carbon-fiber table is centered in the cockpit. Below you'll find interior designed to enhance the owners' experience. The layout below deck is pleasantly sized with 6'6" headroom. The solid-wood cabinetry is stylish and the open feeling is enhanced with additional windows and a skylight. The console and wet bar have a GE microwave, Isotherm fridge drawer and Scandvik sink. There is a U-shape settee with a high-low dining table that converts to a double berth. To starboard is a full head that has a clear Ambassador Marine basin sink, a Tecma toilet and a separate shower stall with glass door. Powered by 4 x 400hp Mercury Varado outboards is capable of achieving a top speed of over 40 knots and can move in unison or port/starboard sides separately. The Seakeeper Gyro Stabilizer provides comfort and stability while underway or at anchor. Additionally, she's equipped with an 11kW Kohler generator, Sidepower bow-thruster, Mercury's positioning system (SkyHook) and joystick control, SAT TV, water maker, and FLIR night vision camera.

With big-boat features and sporty performance, this limited-edition boat catches the attention of those seeking a stylish and powerful vessel that truly stands out from the others.
